

# Topline questionnaire

**Pew Research Center**  
**Spring 2021 Global Attitudes Survey**  
**November 18, 2021 Release**

Methodological notes:

- Survey results are based on national samples. For further details on sample designs, see Appendix B and our [international survey methods database](#).
- Due to rounding, percentages may not total 100%. The topline “total” columns show 100%, because they are based on unrounded numbers.
- The U.S. survey was conducted on Pew Research Center’s American Trends Panel while all other surveys were conducted via telephone. For more on how this may affect comparability, see Appendix A.
- Not all questions included in the Spring 2021 Global Attitudes Survey are presented in this topline. Omitted questions have either been previously released or will be released in future reports.
- Data presented in this topline are the share of a given public who mention a topic in an open-ended response. Each topic is part of a Pew Research Center generated codebook. For more on how responses were coded or the codes themselves, see Appendix A and Appendix C, respectively.
