ASK ALL:
THERMO   We'd like to get your feelings toward some different countries in the world on a "feeling thermometer." A rating of zero degrees means you feel as cold and negative as possible. A rating of 100 degrees means you feel as warm and positive as possible. You would rate the country at 50 degrees if you don't feel particularly positive or negative toward the country.

How do you feel toward **[INSERT ITEM; RANDOMIZE]**?

[Enter the number in the box between 0 and 100 that reflects your feelings]
