February 26, 2014 Release

Methodological notes:

- Survey results are based on a national sample. For further details on sample designs, see Survey Methods section.
- Due to rounding, percentages may not total 100%. The topline “total” columns show 100%, because they are based on unrounded numbers.
- For some countries, trends for certain years are omitted due to differences in sample design or population coverage. Omitted trends often reflect less representative samples than more recent surveys in the same countries. Trends that are omitted include:
 - India prior to 2013
- Not all questions included in the Winter 2013-2014 survey are presented in this topline. Omitted questions have either been previously released or will be released in future reports.
